Dear players, dear parents.
The game of golf is demanding, difficult and time consuming process. Young players need to attend school, study and invest a lot of free time for training and playing on tournaments. They deserve our respect and admiration. Their life is quite similar to adults working two jobs at the time. That effort deserves to be supported and that’s the idea of IMP PUMPS – supporting the tournament we support effort of these young players trying to give them opportunity to play in the best international participation in our region.
But, please children, do not forget your parents who are crucial factors in this time consuming sport. They are your drivers, caddies, coaches, investors, supporters,… All of that at the same time. Give them your love and gratitude because they are very few people who are always on your side.

Golf club Arboretum has its home on one of the most beautiful and best golf courses in the region. Since its creation in 1994, the club grew in members and now we are proud to be the biggest and the most active golf club in Slovenia, therefore we can say that we are also the most popular one.
The initiators: Marko božič, Janez Končan, Janez Narat, Aleš Ocepek, Miro Ukmar and Miha Urbanija with the help of Slovenian Golf Association in particular president Mirko Wolf, managed to formally establish the golf club in 1994. With the creation of first 9 holes in 1998, we started our work with hosting golf tournaments and attract new members.
Credits for all sorts of things go to many people who were working hard for our club in these two decades. In the Marjan Jurenc period, who took over the management of the club as the third president, the Golf club Arboretum became widely recognizable. Thanks to Andrej Kozelj we inherited a healthy club in a great shape after his two mandates as a president. Pubi Štivan has laid the foundation for the biggest and most active club in Slovenia, also on the competition field. Golf club Arboretum annually organizes over sixty events (tournaments, trips, sports days ....).

Since 2007 organization Racman golf is working and developing junior golf in Slovenia. With our work in golf school we inspire a lot of juniors for golf. Today some of them are playing golf on very good level. We want that juniors enjoy and socialize in golf and the most important thing is that they acquire working habits and ethic which they will need through their lives.
In addition to the school of golf we started to organize tournaments for juniors. We recognize that juniors like to compete against each other on tournaments, but they need good – junior environment.
From 2009 we organize tournament called Racman cup. Our vision was that this tournament will become one of the best junior tournaments in our region. Mr. Damir Popović, company director of IMP-PUMPS recognized this idea. Thanks to him IMP PUMPS became the General sponsor of this tournament since 2010.
With all other parties involved we are creating a bigger picture and getting closer to our end goal.
I hope all this energy which we create together with Slovenian Federation and Golf club Arboretum will help to develop competitive golf for juniors in Slovenia and in this part of Europe.
I wish that competitors and other guests will enjoy on our tournament.
Welcome to Slovenia
